

The Run Larapinta Camping Village – INFO SHEET

Thank you for booking into the Run Larapinta Camping Village. It will be a hive of friendly activity / sleepy runners during the event – please respect others and get into the 'camping vibe'.

Background

The camp village is a joint responsibility between Rapid Ascent and Glen Helen. Rapid Ascent is providing and setting up the equipment and managing the bookings and access. Meanwhile Glen Helen are our hosts and are providing access to camp kitchen, power and their shared areas. So if you have any problems please ask Rapid Ascent but we may direct you to the friendly Glen Helen staff if it falls under them.

What is provided by Rapid Ascent:

Each person who has booked a camping package will receive:

- 1x 2-person tent (ie. one tent per person – not shared)
- A 10cm thick, inflatable camping mattress
- A pillow
- A camping chair so you can set in the sun

We will set up and pack down these items for you – but please look after them!! Pictures of the camping equipment are pasted below. Remember this is camping - not 5-star glamping – it should be comfortable and social for those with the right attitude so set your expectations to match.

The tents will be set up around the Glen Helen homestead building.

You will need to bring everything else you need – such as: sleeping bag, pillow slip, towel, additional food + crockery if you want to do some self-catering, lights. Note: valuables left in your tent are done so at your own risk.

Glen Helen will provide access to the following:

- Shared toilets and showers
- A 'basic camp kitchen' that includes the following: sink with hot and cold water, gas BBQ, toaster, kettle, microwave and bench space.
- Shared power points for charging phones / camera...
- Basic wifi – note this is VERY LIMITED and should not be relied upon (we recommend the 'paid' wifi rather than the free wifi as it has slightly better speeds). Glen Helen has advised that OPTUS works better out there.

As well as these facilities, Glen Helen provides open access to their café / restaurant / outdoor dining areas and all other shared facilities. Although there are a few tourists and other visitors, Run Larapinta basically takes over the entire place while where there so we're all in it together!
